

26.03.2024

To whom it may concern,

I am writing to approve Göktuğ Yaman as his former manager, who was a prominent member of our team from July 2019 to August 2021. Göktuğ had begun his journey with us as a Compensation and Benefits Responsible and later excelled in the role of Compensation and Benefits Specialist.

During his career journey at our company, he was responsible for corporate and external HR-related data reporting and improving and implementing new compensation systems such as the new bonus system of the holding group. Along with these responsibilities, he contributed to the HR budget and zero-based budget program planning and their reports. On top of implementing the zero-based budget program, leading to substantial cost savings was his one of main contributions to our workplace.

In addition to his contribution, Göktuğ demonstrated valuable proficiency in data reporting, as well as in improving and implementing new compensation systems. His analytical skills, coupled with his ability to innovate and implement effective solutions, and eagerness to learn greatly enhanced our HR processes and systems from a financial point of view.

Lastly, while we were sad to see Göktuğ leave our company to pursue his MBA in Italy, we are confident that he will continue to strive in his profession in the field of data analytics. It was a pleasure to work with him both individually and in a group setting, therefore, I highly recommend him for any future opportunities.

Sincerely,

Dilara Onat
Compensation and Benefits Leader
